Notice To Candidates.

There will be a public drawing in the office of the County Court Clerk on Tuesday, July 8th, 1913, at 2 o'clock in the afternoon, standard time, for positions on the official primary ballot at the primary election to be held on Saturday, Aug. 2, 1913.

R. B. TERRILL, County Court Clerk.
Mr. Herrington Here.

Hon. Louis Herrington, of Richmond, was here Saturday in the interest of the big dam proposed on Dix river. Asked how the proposition was progressing, he said everything was highly satisfactory, and the dam would be made beyond any shadow of doubt. Mr. Herrington, who is a natural-born promoter, is a fine gentleman and quite popular.—Danville Messenger.

A Chance to Buy a Lot

The Jessamine Realty Company will afford our people and others a good opportunity to buy a lot or so on July 9th. On that day some 20 or more choice ones in Burnamwood, the prettiest part of the city, will be disposed of at public auction. The sale will begin at two o'clock in the afternoon. Kentucky's fat boy auctioneer will do the "crying" act and a brass band will make the music for the auspicious occasion. Better be on hand that afternoon, or you might miss a "good thing."

We have a full line of Cow Peas, pure German Millet, Sorghum Seed, Etc. Covington Thorpe Co. 57-ff.

Two More Left at Least.

An Associated Press telegram from Atlanta, Ga., published in the daily papers the first of the week, stated that the last member of the Confederate Congress had died in that state. The statement was incorrect. Judge R. J. Breckinridge, of this city, was a member of the Confederate Congress as was also Judge Theodore Burnett, of Louisville. Judge Breckinridge was one of the youngest members. It is probable that Judge Breckinridge and Judge Burnett are the only survivors in the United States.—Danville Advocate.

Coal, Coal, Coal!

New Milking Device.

Thomas Jackson, the Shakerstown road dairyman, has adopted a device for milking his many cows, which is a success in every way. It is the Sharpless Vacuum Milker and with the device thirty cows can be milked in one hour. A splendid feature is that the milk is held in the vacuum until deposited in the receptacles in the milk house, and it is absolutely impossible for it to come in contact with the atmosphere about the barn. Mr. Jackson has one of the most modern barns in Kentucky, yet, to be more certain that the milk be kept away from the atmosphere, he adopted the new machine. He says he has given it a thorough trial and the cows have improved in health. There is not the slightest injury to the cow, but, as stated above, the animals improve and give more milk.—Danville Messenger.

For Sale.

Marriage Promotes Longevity

It has often been stated on what appeared to be competent authority, that married people live longer than single ones, even though as the minstrel claims it only seems longer. That married life tends to greater circumspection in living can not be gainsaid. Generally men slow down in the pace that kills, and a happily married woman finds more ease and comfort in the company of her husband and children than in the racking conditions that society compels.

As a result of this question the New York Herald has been making some investigations on its own hook, and finds that the death rate of married men between thirty and forty is less than half of that of single men of the same age. From forty to fifty there is even a greater difference in the death rate of the two classes. The Chicago City Health Department figures from statistics, just made public, that the death rate of Chicago bachelors is 29.1 per cent higher than that of married men. The mortality rate of unmarried women is 40 per cent higher than that of married women, he says.

The bachelor rate of death in Chicago is 19.8 per 1,000, while the rate for married men is 15.2. The rate of single women is 14.3, while that of those who marry is only 10.3.

That there is a distinct gain in the health as a result of matrimony, the New York Herald comes to the unequivocal conclusion. Married life is the natural life for men and women, and when it is fully accepted that it promotes longevity as well as happiness, it will become more popular than ever and people will more readily accept the advice of the prominent minister who exhorted a few days ago that man should not wait to be sure of his ability to support a family, but marry and proceed at once to make the proper effort to do so, and they will generally be successful.—W. P. W. in Lexington Herald.

Pitches No-hit Game; Only 27 Batters Up.

Loomis, of the Adrian South Michigan League team, pitched a no-hit game against Bay City at Adrian, Mich. Only twenty-seven men faced Loomis, and of these nine struck out. In the ninth inning the first man up reached first on an error, but the next batter hit into a double play and the third man fanned.

WHY

Has the Hustling Cash Store sold so many more goods so far this season than ever before?

Why have Hamilton Bros. at such an early date, had to search the markets for an almost new stock of spring merchandise?

Why do we buy these goods always at bottom prices?

BECAUSE

Because we sell for cash and can, of course, pay cash. And by paying spot cash we can get the lowest possible market price

Because we are satisfied with a reasonable profit and MAKE GOOD what we say about every article sold

Because we buy often and keep our stock fresh and new, and extend a courteous invitation and cordial welcome to each and every patron. Therefore

People Looking For Good Quality Materials

at reasonable prices make their purchases at our store and always with the understanding that if goods are not as represented, we want them and will make them satisfactory. Having just returned from the markets our stock is right now up to full standard and we have never shown more beautiful assortments

SHUT in from the outside world by eternal hills on every side, the capital of Kentucky is, according to the government thermometer, the hottest place in the State during this, the hottest and longest continued heated spell in years. The State Journal says the mercury was 102 one day this week, or several degrees, a half dozen or so, higher than more favored Richmond. In fact it was so hot at Frankfort that the rays of the sun blazed down on the tin roof of the residence of Dr. J. G. South, which Senator Bradley had given his daughter, set it afire, causing its entire destruction.

Hot, however, as it is in the city under the hills, we know of hundreds of men who would be willing to suffer its par-boiling atmosphere, if at the same time they could occupy a seat at the pie counter. Strange, isn't it, how men long for the "hills and fishes." Big pay and little work must be the explanation.

Like Henry Clay, the writer and some other more or less great men, Thomas Nelson Page, who has just been appointed Ambassador to Italy, was born in Hanover county, Virginia. His father's farm and that of ours were less than ten miles apart, but he being so much older than we, our recollections of him are somewhat indistinct. We have watched his upward literary course, however, with pride and rejoiced when he added additional laurels to his brow with each succeeding volume of magnificent work. Mr. Page is a man of parts, will prove a diplomat worthy of the best traditions and not only do himself credit, but President Wilson's administration and the country generally.

ANOTHER battle of Gettysburg was fought Wednesday on the 50th anniversary of the original scrap. A man who said after the smoke of battle had died away that he lived in Philadelphia and is the son of a Confederate general, remarked in the presence of a number of "veterans" that "Lincoln was nothing but a d-d negro." No sooner said than knives were drawn and almost quicker than it takes to tell it, seven men fell more or less severely stabbed. Pity, but pity 'tis, 'tis true, the fellow who made the foolish remark escaped unhurt and at last accounts was cogitating inside the walls of a jail on what a fool he had made of himself. In our early youth, spent in Virginia, we were not of those who admired the great emancipator, but the more we have read of him, the brighter his record grows and the more we find in him to admire, and it is idiotic now for any one to try to defame him.

WHEN President Wilson asked Congress to investigate the insidious lobby that was getting in its work in Washington he could hardly have imagined what a horror's nest he was poking his stick into. The revelations that are being disclosed show a most alarming state of affairs in that it convicts many Congressmen and employees with the efforts of the National Association of Manufacturers to go against the wishes of the people. The story as published in the New York World is almost past belief that men will so far forget their duties in order to gain a little lucre. The auger stables are certainly being cleaned out by the democratic administration and the interests made to realize that they no longer direct legislation.

THE Court of Appeals having decided that the directors of the Burley Tobacco Society have been usurping functions belonging only to the stockholders, the former are up in arms and claim that the suit which brought the decision was instigated by the Tobacco Trust, which can now get control of the Society and undo the work of years in the interest of the growers. Many of the stockholders, however, are elated over the decision, claiming that directors have ruled with a high hand and dissipated their funds without warrant. There are opposing contentions. The public can draw its own conclusion.

THE Mississippi Supreme Court has decided that a razor is not a deadly weapon in the meaning of the law, but a toilet article. The Kentucky Court of Appeals had better not propound any such questions. Rastus is too handy with the so-called toilet article now, with it under the ban. He would get more perniciously active were the ban removed.

THE consolidation of the First National and City National Banks of Lexington gives that city two of the largest banks in the State outside of Louisville. Lexington has always had too many banks and it was time the directors were awakened to the fact. It now has two strong institutions in the place of five, and we may hear soon that the Fayette has taken in the others that have not merged.

THE import of gems for the six months of the year broke all records, running up the total for the fiscal year of over fifty millions of dollars in value. But no matter how many jewels are imported, the assessor rarely ever gets wise as to who the purchasers are.

THE editor of the Climax acknowledged with thanks his election as an associate member of the Louisville Commercial Club, an organization which is doing big things for the city of Louisville and the State of Kentucky.

MR. J. T. LONG for Magistrate.
Mr. J. T. Long, one of the best democrats and clearest and most substantial citizens of the Kirkville section, announces this issue his candidacy for magistrate of the Kirkville section. Mr. Long is one of the men who has done much toward putting Madison county in the splendid financial condition she is in today.

A Cigarette Did It

A cigarette set fire to a load of wheat that was being hauled to the threshing on the Terrell farm, now operated by J. M. Warren, Thursday afternoon and caused other trouble as well. The wheat ran away when they saw the wheat on fire and one of the animals was badly injured and the wagon considerably demolished. The boys, one white and the other not, were riding on the wheat, puffing away at a couple of the little coffin nails, and from one of them the fire started. What they got for causing the trouble can better be imagined than written about this hot day.

NEWS NOTES

Secretary Bryan is acting president today at the annual convention of the National Association of Manufacturers in the Peoria, Ill., district show a gain over 1912 of over \$4,000,000.

The statement of the condition of the U. S. treasury shows a surplus over last year of \$7,750,000.
Mrs. Clark, wife of Speaker Champ Clark, will address the members of the Harrodsburg D. A. R. this afternoon.

Miss Mignon Hopkins, of Philadelphia, has brought a breach of promise suit against George William Sulzer, of New York.

John L. Saylor, who was convicted at Middletown of obtaining property under false pretenses, has been paroled. His daughter, Miss Mary Saylor, has worked incessantly since his incarceration for his liberation.
W. H. Metcalfe and C. L. Griffith, tobacco growers, brought suit in Lexington against the Burley Tobacco Society, demanding the distribution of \$500,000, alleged to be the remainder of the undistributed proceeds of the 1906-1907 pool.

Charging her with having improper relations with her father, the five sons of John Z. Granville, of Bathosville, S. C., ordered Mrs. Mattie Grayne, a neighbor, to leave the community. Upon her refusal to do so the youths, the police say, shot her to death, then gave her daughter, Miss Elizabeth Grayne, a severe beating with horsewhips, leaving her in a dangerous condition.

A Philadelphia youth at the Gettysburg reunion of blues and grays asserted that Abraham Lincoln was a d-d negro. A bunch of Federal soldiers resented the imputation and in the fight that followed he stabbed three of them perhaps fatally and four dangerously. He gave his name as W. P. Henry and claims to be a son of a Confederate general of Virginia by that name.

Hary K. Thaw has sent a letter to Chairman Spoonmaker, of the Pennsylvania Commission having charge of the celebration of the fiftieth anniversary of the Battle of Gettysburg, in which \$1,000 in cash was included to aid General Daniel E. Sickles. Symptom impelled him, he wrote, "to offer \$1,000 with which to start a fund for the payment of the debts of a gallant officer who had, in his old age, been bowed by financial misfortune."

Chrysostomic Courage.
When threatened with banishment by the Roman Emperor Chrysostom said: "Thou canst not, for the world is my Father's house; thou canst not banish me."
"I will stay thee," rejoined the emperor.
"Nay, thou canst not, for my life is hid with Christ in God."
"I will take away thy treasures."
"Nay, thou canst not, for in the first place I have none thou knowest of; my treasure is in heaven and my heart is there."
"I will drive thee away from men and thou shalt have no friend left."
"Nay, and that thou canst not, for I have a friend in heaven from whom thou canst not separate me; there is nothing thou canst do to hurt me."

Pa's Sane Plans.
He called his children round him and he said: "Now girls and boys, we'll observe the birth of freedom. Without making any noise."
"With both dynamite and powder."
"For they're harmful, we'll dispense. And with patriotic singing."
"In the morning we'll commence."
"Then I'll read to you the story of the birthday of our flag, And I'll tell of stirring battles. So the moments will not drag."
"We'll have all the same amusements. That a mortal can desire, But we'll not have cannon crackers. And we will not play with fire."
"We'll have ice cream for our supper, And at 9 we'll go to bed."
"Hully Gee! Pa's growing nutty!"
Was all that naughty Willie said.

Where Credit is Due.

People of Richmond who suffer with weak kidneys and bad backs want a kidney remedy that can be depended upon. Doan's Kidney Pills is a medicine for the kidneys only, and one that is backed by willing testimony of Richmond people. Here's a case:
J. Bush, 521 Lyndale Ave., Richmond, Ky., says: "I have used a good many remedies but none ever helped me much until I took Doan's Kidney Pills. My kidneys were irregular in action and my back pained me. Doan's Kidney Pills, procured at Middleton's Drug Store, gave me entire relief."
"When Your Back is Lame—Remember the Name." Don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Bush had—the remedy backed by home testimony. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y.

100 in the Shade Days

ARE HERE

Are you ready to enjoy them, or will you Swelter and Suffer? When you get home from a hard day's grind at the store, office or factory, you don't feel like working a palm leaf fan to keep cool, neither do you want to swelter. Then how many nights have you gone to bed but NOT to sleep, so hot you couldn't sleep. An electric fan at about one cent per hour going at slow speed will keep you cool before going to sleep and then make sleep possible. If comfort and sound sleep are worth anything to you, they surely are worth the price of the small amount of electric current that an electric fan will use. Of course an electric fan won't work in a house that isn't wired, so call on us or anybody who does wiring and get ready to REALLY ENJOY the hot days and nights that are here. Investigate our prices on fans. The manufacturers' stock is getting low, so get busy

City Council Doings.

All of the members of the city council answered present when Clerk W. E. Blanton called the roll at the regular meeting of that body last night. Not much business was brought before the council, and the hot weather made them get through with what was to be done in a jiffy.

Mr. Covington made a report on the street work to be done on Hallie Irvine and Orchard streets, which was received. More work was ordered and the street committee was empowered with authority to act. A hundred rods of rock was purchased and those thoroughfares will be put in splendid condition.

Chief of Police J. H. Allman reported \$44 in fines and costs collected. City Collector Wilson stated that he had collected in the last six months \$293.83, which had been apportioned as follows: General fund, \$251.30, school fund, \$32.18, sinking, \$10.35. His total collections reported by him are \$2,326.63 and that amount has been divided as follows: general fund, \$1,732.57, school fund, \$451.14, sinking fund, \$142.92. City Treasurer J. W. Crooke reported the sinking fund balance at \$8,164.19 and the overdraft, \$8,474.60.

Mr. Edgar Turley, Secretary of the Board of Regents of Eastern Normal, appeared for that institution and asked that a permit be granted to run a sewer down Second street. The permit was granted but the terms of it will be arranged later.

An order was made that Assessor J. T. Berry and the Board of Supervisors be paid for their services as such.

Permits were granted Eugene Land to add a story to the Hobson Building and make other improvements and to the Richmond Lumber Co. to erect a small store-room on its premises on East Main street, near its mill. The room is to cost about \$1,500 and is to be of brick and weatherboarding.

On the complaint of citizens of Prather street, that the Ice Co. would not deliver ice to them, the Mayor ordered that the company be requested to comply with the wishes of the people of that part of the city.

A committee composed of Councilmen Hybee and Vaughn was appointed to go over the City Collector's Books with Collector Wilson and determine as to certain delinquents on the tax list.

Huston Stone, who had been ill for two months and was compelled to give up his work as a member of the fire company for that time, asked that he be allowed something, as he had been in other cases, and the council voted him a month's salary.

The body decided that the city carts could, at the request of the taxpayers, drive into their back premises and get garbage, if it were placed in secure barrels or boxes. The body thought this better than letting it set out on the streets.

Mr. R. L. Arnold appeared in his own behalf concerning some double taxation, and a committee was appointed to settle with him. H. R. Smith appeared by proxy and asked credit on his taxes, claiming a clerical error and the rebate was ordered made.

A number of bills were ordered paid and a motion to adjourn carried.

The Gettysburg Reunion.

The following gem is from the pen of the talented Paragon of the Lexington Herald, Mr. Enoch Grehan:

On Gettysburg's tented field sleep again the countless heroes from both sides of the line who shrank and thrilled the world and then and now held the angel of the night bring dreams of reunited people, of sheathed sword and rifle gone to rust; of one blood-touched furrow now glorified by bannered corn, by swaying grain, by "grapes grown purple" in the fruiting sun—memories of Lee and of Meade gone down the years, the tallest, whitest spirits of that momentous hour. It does not matter now on which side they fought, who fell or who survive; all are ours, and as such we shall cherish all until the River rolls 'twixt them and us and they stand with Jackson and Grant and Davis and Forrest and Sheridan "under the shade of the trees."

Three and Probably Four Tickets For August Primary.

Our people will have the choice of three tickets at the primary of August 2, the Progressives as well as the Republicans having filed petitions for county officers to be voted for then. The petitions of the Progressive democratic candidates have been lodged with County Clerk Terrill:

FOR REPRESENTATIVE:
Green Clay,
A. D. Miller,
John F. White.

FOR SHERIFF:
Elmer Deatherage,
N. B. Jones,
H. H. Colyer,
Y. B. Benton,
Jacob S. Collins.

FOR COUNTY JUDGE:
H. C. Rice,
Judge W. R. Shackelford.

FOR COUNTY ATTORNEY:
S. A. D. Jones,
W. S. Brook,
O. P. Jackson,
Thomas H. Collins.

FOR SCHOOL SUPERINTENDENT:
Benjamin F. Edwards,
W. B. Benton,
Harvey H. Brock.

FOR JAILER:
Morgan Taylor,
Clyde Rayburn,
W. Joe Wagers,
R. A. Barlow,
A. J. Willoughby.

FOR ASSESSOR:
George Noland,
W. F. Jarman,
Rufus Jenkins,
P. S. Whitlock.

FOR COUNTY CLERK:
R. B. Terrill,
J. B. Walker,
LaRue C. House.

The Progressives are not in the least greedy and will only ask for one office, that of sheriff, and for this they will sacrifice Elden S. Baker, of Panola. The Republicans are willing to "moo along" with four of the good county offices and for these they have named A. C. Benge, of Dreyfus, for sheriff, Burrell Moore, of Waco, for county clerk, G. D. Holliday, of Berea, for Representative, and Milt Broughton, of Brassfield, for assessor.

This will require three sets of ballots and if County Clerk Terrill decides that women have the right of suffrage in the school superintendent's race, a separate ballot will be necessary for that office. This will make four sets of ballots—100 books—as there are 25 precincts in the county; the largest number in the history of Madison county.

Mrs. Curtis Moberly at Point of Death.

The aged Mrs. Curtis F. Moberly, a sister of Hon. W. B. Smith, suffered a stroke of apoplexy at her home in Hotel Glyndon last night and was at the point of death when this paper went to press. She is surrounded by her children and other loved ones who realize that she is rapidly nearing the end.

Big Freight Wreck.

Thursday morning about 11 o'clock a big freight wreck occurred at the junction of the L. & N. and L. & A. railroads in the eastern portion of the city. At the junction of the two roads there is a deep cut on both roads which converges at the crossing. The L. & A. train, so it is reported, had the right-of-way and had just backed partially across the L. & N. track, when a heavy freight going North came rumbling along. The engineer saw the danger, reversed his engine and applied the brakes; but, as there is considerable down grade at this point, it was impossible to stop. The L. & A. train plowed through the L. & N. train, overturning an oil tank car and demolishing several coal cars. The L. & N. locomotive was overturned and completely wrecked. The fireman jumped just before the trains struck, but the engineer remained at his post, and both escaped unhurt, which seems almost incredible, when we view the twisted mass of iron, steel and wood. A large force of men were immediately put to work clearing the tracks and a wrecker from Covington and one from Corbin were dispatched to the scene. Both arrived about 3 o'clock in the afternoon and worked heroically for several hours before getting the train in shape; so traffic could be resumed. Passengers on the afternoon trains were transferred and proceeded on their journey with little inconvenience. Thousands of persons viewed the scene. The loss to the railroad company will go far up into the thousands, some estimating the damages as high as \$50,000.

WONDERFUL MONEY SAVING OPPORTUNITIES IN A

Monster July Clearance Sale

The spring season has now reached its end, we find ourselves with quite some merchandise on hand that should have been sold long ago, in spite of the fact that we did the largest spring business in our history. In order to convert this great stock into money, we have decided to hold a reduction sale that will make new history for our town. It's going to be an event that the public for miles around will be compelled to take advantage of. We want every family to share in the "good times." Never in the history of this town were there such opportunities for saving money. The "Mark-Down-Man" has gone through the entire store with his keen-edged knife sharpened like a razor, and what he has done to prices will startle our readers. The stocks, new and fresh as they are, must be closed out quickly, as they have been here longer than they should. There is no time to figure the cost to us. We cheerfully pocket our loss, feeling that by so doing we will make hundreds of new friends, besides clinching the confidence of our hundreds of old ones. ITS BETTER THAN PUTTING YOUR MONEY IN THE BANK TO BUY AT THIS STUPENDOUS SALE. You should get here as early as possible if you want choicest picking. It will be well worth your while. The savings are immense.
